

“I’m confident they will keep my deals confidential.”

“As a Realtor®, my code of ethics is very important to me and to the clients I work with. I’m committed to keeping my commercial real estate deals confidential until they are ready to be announced. I know I can sit down with a client at Exchange Bank and be sure of their professionalism and discretion.

“It’s part of a great working relationship. Whether it’s commercial loans, online banking, a family trust or my personal portfolio, they really make it easier.”
